“Young people are right in always being wrong.”

by François Zille

“And you, Do you ever miss yourself?!”

by François Zille

“How many dreams haven’t you got?!”

by François Zille

“Are you capable of being as authentic as a sad animal?!”

by François Zille

“What scares you most, mediocrity or excellence?!”

by François Zille

“Where aren’t you going?!”

by François Zille

“It’s Soul when blacks pray dancing and singing with contagious joy while whites, almost always, pray by sporting a vomitaceous expression of phoney suffering which only makes you want to touch your balls to ward off the evil-eye.”

by François Zille

“The most powerful people on the planet are not the politicians
or the multi-millionaires but those who have the marvellous ability
to move us.”

by François Zille

“To construct Peace in all the lands, we need new eyes in our hands.”

by François Zille

“What’s the good of reading a fine book, seeing a good film,
listening to sublime music, visiting museums with overwhelming works of art,
contemplating magic landscapes and poignant sunsets,
meeting truly extraordinary people when a few minutes later
you go back to being the bastard you were before?!”

by François Zille
